## FREEZER TRAYS

Ideal choice for providing a "food grade" tray for fish processing!

CUSTOM SIZE & THICKNESS

#### NEW !!

#### PLASTIC FREEZER TRAYS

Alaskan Fish Processors have been using these poly sheets for years. Because of the "Good release of Fish" the Americans switched from Aluminium trays to Poly sheets.

(Aluminium tends to adhere the fish to the tray.)

#### FISH PANS

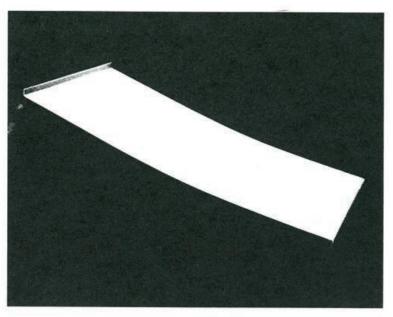

Costum made to your specs in plastic

H.D. Poly Sheets have a -55 degree working temperature. These poly sheets are "Food Grade" and come in white as well as custom colours of light grey, light blue, etc.

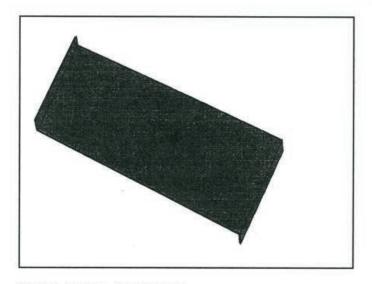

Standard thickness: 1/8" to 3/16". Size: 42 x 18" x 1/8" custom size

Note: Coloured trays will stain less than white.

\*We will also custom manufacture to your original tray size.
